STRATEGY #1

Pass Income to Your Grandchild with NQ Annuities

Some grandparents support grandchildren financially during life. A multigenerational income strategy can continue that support after life. It's a great way to leave an annual birthday gift to a grandchild and remain in their thoughts yearly. Payments start with grandparent and pass directly to a grandchild after the grandparent's death.

NOTE: A custodial account under the minor's state Uniform Transfers to Minors Act should be listed as the successor owner in case the grandparent dies while the grandchild is still a minor.
